Required Tools:

Cordless Drill with Charged Battery

#2 Philips Head Screw Bit

Tape Measure

Items in Box:

(8) Stainless Steel Self Tapping Screws

(1) Gate-Board™ Tail Gate Utility Board

(1) Installation Guide

Step One: Open tail gate and place your new Gate-Board™ flat along the tail gate with the counter sunk holes face up and the drain channels pointing toward the cab of the truck.

Step Two: Using your tape measure, center the board on the tail gate horizontally. Next mount the board vertically where the bottom of the board is about 1" to 1.5" from the top of the tail gate when it is closed. Hold the board in place and ensure the tail gate closes properly.

Step Three: Once the board is set in position use the cordless drill with #2 philips screw bit to drive each of the ss self tapping screws into each of the predrilled counter sunk holes. **Do Not Over Tighten Screws!** Begin with the center screw working outwards. Move alternately from top to bottom when installing screws.

Optional: As an option, white/clear silicone can be used to backfill the screw holes after installation. The wet silicon can be floated across the holes to level the surface. This is not a necessary step but merely for aesthetics.

Returns: All returns must be freight prepaid and are subject to a 20% restocking fee

Warranty: Hydro Composites, LLC (HC) warrants the material and workmanship to be free of defects under designated use and normal service on this product for Life from the date of shipment. All warranty claims must be presented in writing to HC. This warranty applies only to the original purchase price and is good only when the total payment for the product has been received. The limited warranty (expressed or implied) during the warranty period shall consist of the repair or replacement of the items of manufacture, at the discretion of HC, and said warranty applies only to the original purchaser. This warranty is void if the items are damaged by negligence, accident or acts of god after purchase, used for other than the intended purpose, altered, repaired at other than an authorized service center, or used with other items that affect the integrity, performance, or safety of these items. Liability does not cover indirect or consequential cost, including materials lost, labor or installation/reinstallation cost, injury, property damage, or damages caused by mishandling. Manufacturer's liability for incidental or consequential damages is specifically excluded to the full extent permitted by the applicable law.
